Employment with the County often places individuals in a sensitive and unique work environment. Professional conduct, ethical practices and adherence to all laws, regulations and government codes are expected at all times. In the interest of staff and organizational compliance, employees are asked to disclose outside employment, real property owned and transacted, financial interest in corporations and participation by family members in housing programs. Items disclosed are not necessarily in conflict with employment with the Department. Please use good judgment and discuss any questions you may have with your supervisor or the Director.

All County employees are required to file statements regarding outside employment and to refrain from activities which conflict with their official duties. Employees of HCD assigned to the Housing Authority activities are also required to file disclosure statements due to the specific considerations which relate to duties with the Housing Authority.

CONFLICT OF INTEREST

1. To avoid any potential conflicts of interest, or the appearance of such, it is the policy of this Department that *no employee shall enter into any agreements that involve any direct payment or other form of compensation as a result of any program administered by this Department, either directly or through agreements with other parties.*
2. Any employee having a financial interest in real or personal property, or in a business, shall disqualify himself/herself from performing duties in any way related to the property or to the business. It is the employee's responsibility to report such interests to their Program Manager so that a reassignment of duty can be made.
3. Each employee will file disclosure statements when hired and at the end of each fiscal year thereafter. Interim changes in these statements are the responsibility of the employee and are to be submitted promptly.
4. The confidentiality of this information will be maintained by the Department at all times. It is necessary that the Director be fully informed of property-related activities in order to nullify any inaccurate or broad allegations, that any person or group might make. Full cooperation with this policy, both in letter and spirit, is expected to assure that we can maintain the standards of professional integrity we have all worked so hard to develop.

5. Employees are reminded of the following rules and laws:

a. Section 8.1, Civil Service Rule - Outside Employment:

"Employees of the County shall devote all their time and efforts, during their assigned work hours to their assigned duties. An employee shall not engage, at any time, in any outside employment, or in any outside business activity or enterprise, which is inconsistent, incompatible, in conflict with or inimical to assigned duties as a County employee or the duties, functions, or responsibilities of the appointing authority and the department.

Appointing authorities may require an employee of their department to inform them of any outside employment, business activity or enterprise in which the employees are engaged. If the appointing authority determines that such employment, business activity, or enterprise is inconsistent, incompatible, in conflict with or inimical as aforesaid, the employee shall be ordered to refrain therefrom; provided, however, that the employee may appeal from such order to refrain in the manner provided in Rule VII for appeals from an order of suspension, demotion or removal."

b. Section 2.13, The Section 8 Housing Assistance Payments Contract provides that:

"No member, officer or employee of the Public Housing Authority, no member of the governing body of the locality (City and County), in which the Project is situated, no member of the governing body of the locality in which the Public Housing Authority was activated, and no other official of such locality or localities who exercises any functions or responsibilities with respect to the Project, during his tenure or for one year thereafter, shall have any interest, direct or indirect, in this contract or in any proceeds of benefits arising therefrom."

Certain staff are currently designated by the Department and mandated by the Board of Supervisors to submit Conflict of Interest Disclosure Statements. Similarly, all Housing Authority employees are required to submit similar statements. Other employees of the Department are also asked to submit disclosure statements on a voluntary basis.
